

SOLO AGCO EDITION

AVAILABLE EXCLUSIVELY THROUGH AGCO PARTS AND AGCO PARTS DEALERS

MORE COOL THINGS YOU NEED TO KNOW.

VEHICLE

- SOLO AGCO EDITION is built to evolve. Gimble bay, accessory bay and swappable motor pods allow for easy integration of new technology and features as they're invented. Your SOLO AGCO EDITION won't be obsolete in a year.
- Up to 55 mph flight speed, 25 minute endurance (20 with camera and gimbal) and flies up to 35 mph winds
- 2 customized cameras with specially designed lenses for aerial mapping (GoPro Hero4 silver for RGB and NIR GoPro)

CONTROLLER

- Live flight data streamed to controller (battery life, altitude, and distance from home)
- In-App training and configurable settings based on skill
- Auto takeoff and landing
- Return to home feature
- Emergency air brake/pause feature
- Flight logs recorded to controller for support
